

1.34 MILLION

Australian boys and men experience incontinence.

If you have it, there are limited or no places to throw out incontinence pads and pants.

WE WANT TO:

Get Bins4blokes bins
in public toilets
Australia wide

Get males who are
incontinent to seek
help and advice

Help Australia find
out how common
incontinence is

LINKS TO INCONTINENCE

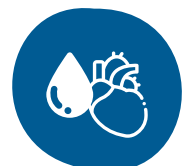

Prostate
problems

Cancer

Higher Body
Mass Index
(BMI)

Diabetes and
cardiovascular
disease

Intellectual
and physical
disabilities

Older age

HOW WE'LL GET IT DONE:

537

local governments
across Australia

19,000+

public toilets across Australia.

MEN'S HEALTH AND HEALTH PROFESSIONAL ORGANISATIONS INCLUDING:

HOW CAN YOU JOIN US?
